Sir

I have not as yet received my Surveys, but expect to have them in a short time, I will forward them to you - My object in writing to you at present is to request you to forward my licenses as soon as possible, as I am anxious to get to my trading post in the Creek Country, during this month. If you have sent my bonds to the Commissioners of Ind. Affairs, for approval, you would confer a favor by writing me a permit, until my licenses are returned, if it is practicable & convenient to do so - Hoping to hear from you soon
