

Office Supt Ind Affs
 Wash DC May 28th 1859

Sir:

I have the honor to enclose a letter from Agent
 Rochester in which he states, that our package of Sams
 goods has been found to have. By reference to
 the "Contents of Package" & Original Bill of Lading, herewith
 enclosed, you will see that the Bale containing the Sams
 is marked No 1008 and seems to have been shipped, but
 Bale No 1005 is not on the Bill of Lading and seems
 not to have been shipped, it however came to hand, and
 it is very certain that in the shipping there was a mistake
 made in taking down the number and that Bale
 No 1005 was never shipped.

I would respectfully ask that you call the attention
 of Messrs. Robinson & Co. that seems to be the matter
 and have it corrected,

Yours A B Garrison
 Secy Ind Affs

Very Respectfully
 Yours obt Servt
