TEXAS TECHNOLOGICAL COLLEGE

1952 HOMECOMING PROGRAM

FRIDAY

OCTOBER 31

4:00 p.m. Registration of former students. Downtown hotels and principal campus buildings.

7:00 p.m. Pep rally and bonfire. Tech gymnasium and campus south of gymnasium.

8:15 p.m. Reunions. Classes will hold reunions for which exact places will be be announced later.

SATURDAY

NOVEMBER 1

8:00 a.m. Registration of former students until 12:00 noon. Downtown hotels and principal campus buildings.

10:30 a.m. Homecoming parade. Starting downtown and coming to the campus.

12:15 noon Buffet luncheon—Tech gymnasium. Hosts: Furr Food Stores and the Texas, New Mexico and Oklahoma Coaches, Inc.

1:00 p.m. Introduction of Ex-Students' Association officers.

2:30 p.m. Texas Tech vs. University of Houston football game.

6:00 p.m. Reserved for organizations having open houses and other social events, until 9:00 p.m.

9:00 p.m. Homecoming dance for ex-students and friends. Tech gymnasium.

THE COVER

With Fall in the air, a person's thoughts seem to drift to football. And football naturally brings to mind Homecoming, with its festive air and mums seen all over the place. So what could be more fitting of the feeling of anticipation than a football program and a big mum, pictured here by Rolan Duffield and Mac Keithley.

The Techsan Salutes

Dr. William Pearce, associate professor of history, says that he probably lives closer to the campus than any other faculty member except Dr. Jones, Tech's new president. Dr. Pearce, his wife (the former Frances Campbell, '37 commercial art graduate), and their two sons aged 11 and 6 live at 2802 20th, within easy walking distance of the campus. He has just earned his doctorate in history from the University of Texas. However, he is also a Tech ex, having earned his M. A. here in 1937. Before that he did his undergraduate work at Kemper and Southern Methodist University, and he has also studied at the University of New Mexico, University of Mexico, and Cite University, Paris, France. In alternate summers he heads the Tech archeological field course in Mexico. With all of his activities, he still finds time for golf and tennis, his favorite sports.

Benny Bruckner, current business manager of the Student Council, has managed to stay unusually busy during his years at Tech. Now a senior, Benny is majoring in marketing with the hope of eventually going into business with his father, a Mack truck distributor in Amarillo. Last year saw him as business manager of La Ventana, and he had already been assistant business manager of The Toreador. Other offices he has held are vice president of Saddle Tramps and vice president of Wesley Foundation. Besides his office in student government, he is also a wing counselor of Gordon Hall, the former Men's Dorm IV. As a freshman he played in the band. He classifies himself as an "average" student, but his enthusiasm and efficiency certainly make him outstanding.

Tech's new vice president in charge of finances is Marshall Pennington, who will also retain his position of comptroller. He came to Tech in July, 1949, from Texas Western College, El Paso, where he was business manager. He served there under Dr. D. M. Wiggins, immediate past president of Tech. Reared in Georgetown, he was graduated from the public schools there. He received his Bachelor of Business Administration Degree from the University of Texas, where he lettered in both football and basketball. In World War II, he was a Navy lieutenant, assigned to head a gun crew on a Merchant Marine vessel plying the Atlantic. His position is newly created. Although his area of responsibility will still be financial, the appointment will give him additional recognition and authority.

Remember Nov. 1

Homecoming Plans for 1952 Announced

Plans for Tech's annual Homecoming the weekend of Nov. 1 include the annual buffet luncheon, the traditional parade, the Exes' dance, and, of course, the football game with the University of Houston.

Friday night, Oct. 31, will officially open the weekend of festivities with a pre-game rally and bonfire. Coach DeWitt Weaver and staff and several of the Red Raider squad will be present.

Tech's Matador band, under the direction of D. O. Wiley, and the cheerleaders will open the rally. "Old-timer" cheerleaders are expected to be on hand to lead a few yells, and former Tech football players will be there to add to the enthusiasm.

Another event that exes look forward to, the annual buffet luncheon, will be held again this year at the Tech gym. Two Lubbock firms will feed the exes and their families. These firms, Furr Food Stores and the Texas, New Mexico and Oklahoma Coaches, Inc., will be hosts to approximately 2,500 exes and their families if past years are an indication. This will be the eighth year TNM&O to sponsor this event, and it will be the fourth consecutive year for Furs to participate. Everyone is usually served and completely through within an hour as lines are short and service quick.

New officers of the Ex-Students Association will be introduced following the luncheon.

The Association Council will hold its annual meeting Friday to discuss the association's projects for the year. The Council is composed of 36 association district representatives, presidents of the Ex-Students chapters and officers of the association. Copies of the by-laws, an agenda, proposed by-law amendments and a list of nominees for officers to be elected will be furnished each council member prior to the council meeting.

The Association Council will elect new officers at a meeting Friday at 3 p.m.

Annual class reunions are also scheduled for Friday of the Homecoming weekend. The "Old-timer" group, exes of the years '26

through '38, will stage their annual dance at the Hilton Hotel. The Judy Peacock trio from Dallas will play for the occasion. More recent graduates will hold reunions at various dormitories on the campus, but class reunion plans were incomplete at press time.

All exes attending Homecoming activities are urged to register at one of the booths which will be set up Friday at hotels and at five of the principal campus buildings. Registration helps the Ex-Students Association with current addresses and sometimes furnishes names of ex-students of which there was no previous record.

Brian Boyett, agriculture student, has been appointed student chairman for Homecoming.

A spectacular Homecoming parade is scheduled for 10:30 a.m. Saturday. The parade will start downtown and parade out Broadway to the campus as it has in the past. Floats will be classified into three divisions and judged for their beauty, for their humor and for their historic or educational value. Approximately 50 floats are expected to enter.

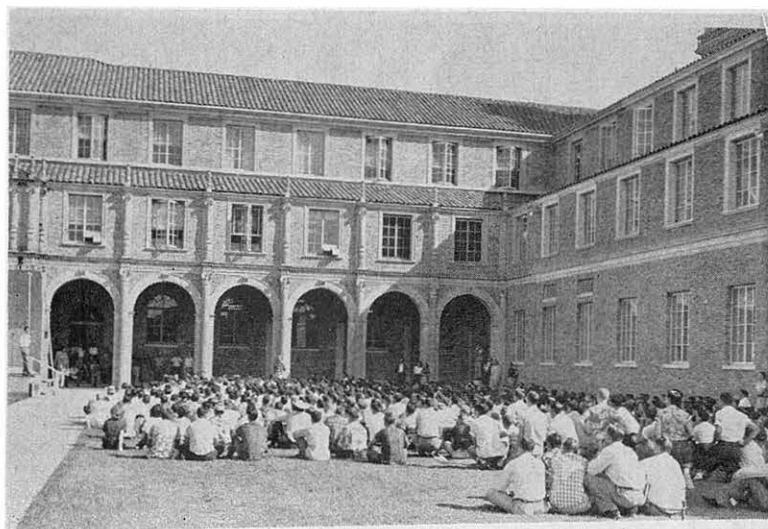

Trophies and awards for winning floats in the parade will be announced at a later date.

The football game with the University of Houston with the kick-off at 2:30 p.m. will climax the weekend's activities. The Raiders will be out to avenge a 6 to 0 loss handed them by the Cougars in Houston last year. It will be the second game the two teams have played in their history.

Out-of-town exes who have reserved football tickets through the athletic office are asked to write for them at least a week before the game. Exes who haven't made reservations should write for them immediately.

Campus organizations and social clubs have scheduled open houses for exes after the game. Also, several breakfasts are planned by various organizations to honor their alumni and alumnae on Saturday morning. A complete schedule of social events will be in a printed program to be distributed at registration booths.

The traditional Homecoming dance for ex-students and friends on Saturday night will close the weekend festivities. The dance will start at 9 p.m. at Tech gym.

ORIENTATION PROGRAMS for freshmen started the year at Tech. This group is having registration and other facts of college life explained. The orientation program included mixers, a reception, introduction of Tech personalities, and testing and counseling in preparation for registration.

Sports: Preview and Review

University of Houston To Be Tough Foe

BY BILL HOLMES
Director of Tech Sports Publicity

Only team to hold Texas Tech's rampaging Red Raiders scoreless last season, the University of Houston Cougars have been chosen to perform during Tech's Homecoming observance this fall.

Game time for the clash in Jones Stadium is 2:30 p.m.

Although both teams are stronger defensively than they were a year ago, it's practically a cinch that this meeting will not result in another 6-0 result.

A one-touchdown game just doesn't happen when two split-

T teams collide—(more than once, it's hoped).

And—it is just as fervently prayed—sixteen fumbles in one game is one of those once-in-a-lifetime misfortunes. That's what happened down in Houston, everyone painfully remembers. Houston fumbled six times and Tech bobbed 10.

It wasn't the tackling, it was humidity. Humidity is what makes folks along the Gulf throw away crackers after having them in the pantry a day. It also makes a player's hands sweat (a more rugged term for perspire), which in turn causes him to have diffi-

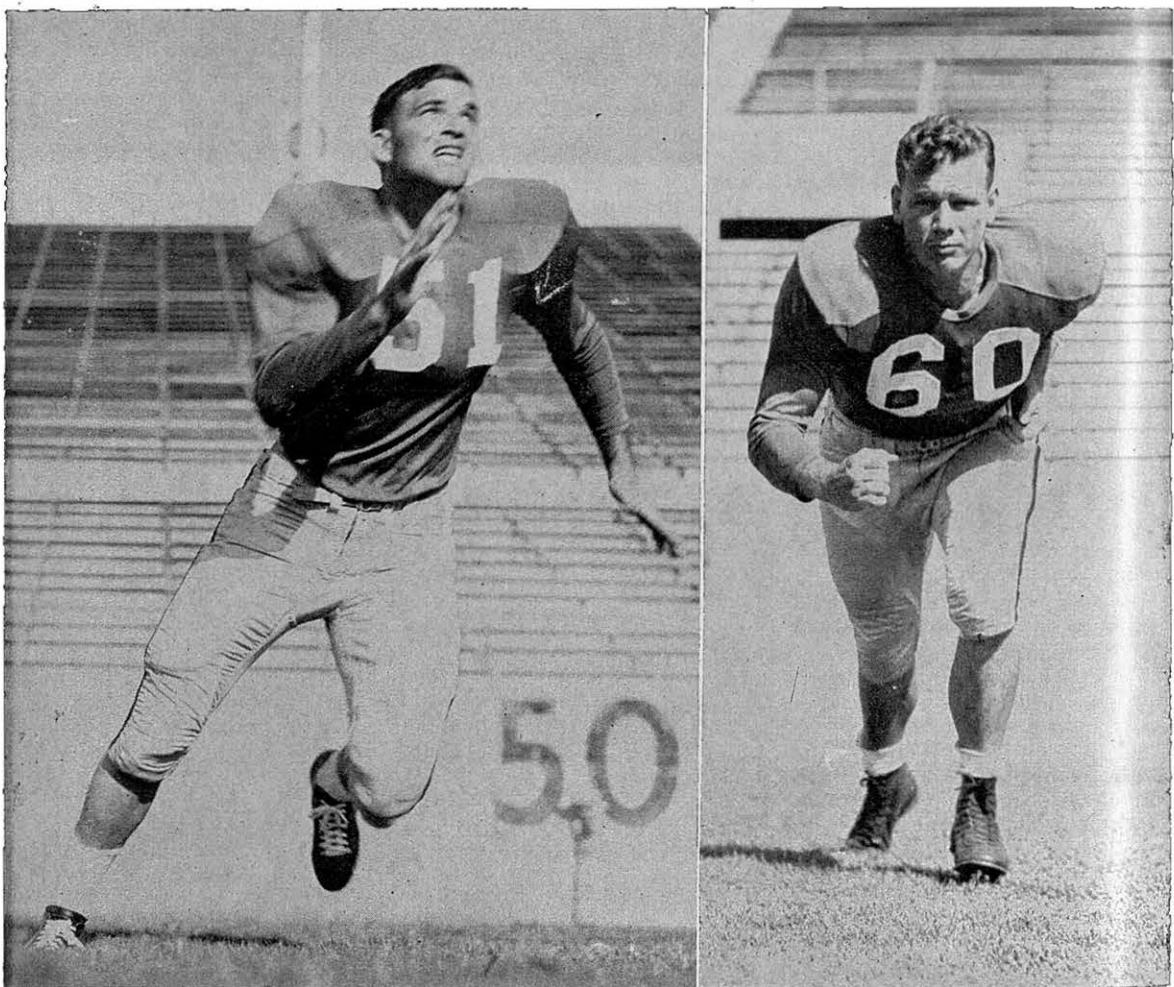

culty grasping objects, notably footballs.

But enough of the past, here's what we can expect from the University of Houston Nov. 1:

The best team in Houston's history. That's what Coach Clyde Lee and other Houston officials have proclaimed.

A top-flight quarterback. Bobby Clatterbuck, who ran the Houston split-T as a soph last fall, looks better than he did in late season, especially in his running. Clatterbuck is a former San Angelo College player.

(Continued On Page 18)

JIMMY WILLIAMS, center, and Don Gray, guard, are two returning lettermen who will see action this year on the Red Raider team. Both are returning to Tech and continuing their football after having seen action of another sort recently in Korea.

D. M. McElroy Resigns Executive Post Tech Students Are Club Members With Ex-Students Association

D. M. McElroy, executive secretary of the Ex-Students Association, announced his resignation Sept. 19. Under his direction for the last five years, the association has developed from insignificance into an effective organization.

McElroy, who has held the position since May, 1947, resigned to take a position with the Texas Concrete Block Co. as sales manager. He said his resignation will become effective when a replacement is found for him. However, he expects to accept his new responsibilities shortly after Tech Homecoming Nov. 1.

He is a native of Frederick, Okla., and an ex-Techsan. While in Tech from 1931 to 1935, he lettered three times as a half-back on the Red Raider football team, was president of the sophomore class and was a member of the student council for two years.

According to Dub Rushing, immediate past president of the association, McElroy is the man who saved the association from obscurity. "If we hadn't hired a man of McElroy's caliber, the association would have failed again," Rushing said.

When McElroy came to Tech the association was a small organization with only 5,000 members. One employee published a small newspaper and the exes got together only once a year—at Homecoming.

Today the association has reached a membership of 13,250 students of whom 4,000 are current contributors. In 1946, a group of members called the "100 Club" started the association on the road to recuperation by raising \$16,500. So far this year the association has raised \$30,000.

The association has just completed its first major project in raising \$25,000 for the Student Union Building. This magazine is published eight times a year, and four issues of a newspaper are also published annually by the association. The association now employs four persons.

From five chapters, all located in Texas, the association has grown to where it now has 30 chapters in Oklahoma, California, New York, New Mexico, Georgia and Texas.

McElroy was previously employed in the petroleum section of the Lynn Elliott Co., Houston, an industrial supply house. He served with the Army engineers from May, 1942, to October, 1945, spending two and a half years overseas. He is president of the Lubbock chapter of the American Business Club, a steward of St. John's Methodist Church, and a member of the Royal Order of Kentucky Colonels.

Tech ROTC Grads May Have Set New Record For Commissions

Texas Tech's five regular Air Force commissions, awarded to spring graduates, may have set a record, according to the commanding officer, Col. Ollen Turner.

Only 232 regular commissions were given to graduates in 187 such units this year. The national average was 1.4 regular commissions per unit.

The 37 other members of the May graduates in the Air ROTC received reserve commissions.

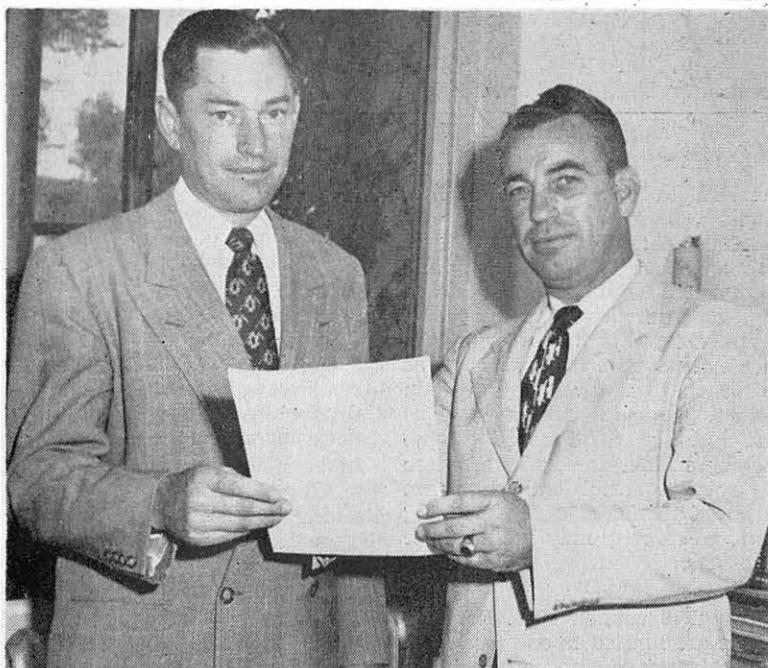

Six Texas Tech students have been initiated into Kappa Phi Kappa, honorary national education fraternity for undergraduate men according to Ted Edwards, instructor in Tech's education department.

The six men were Donald McDonald, assistant education professor; Earl Bryant, Big Spring; Weldon Skinner, Spur; John Balderson, Amarillo; Edward Reed, Lubbock and Henry McCarty, Hobbs, N. M.

Requirements for initiation are an education major with intentions of teaching, and an average scholastic standing. The initiation of the six took place at the home of Dr. Raymond Garlin, professor of education at Tech.

C. W. Clark, who is farming and in real estate at Yuma, Ariz., was recently on the campus to enroll his son Ronnie as a freshman.

DR. OLAN L. PETTY, a Techsan who received his B.S. degree in education at Tech, has been appointed assistant director of Duke University's summer school.

DUB RUSHING, left, immediate past president of the Tech Ex-Students Association, and D. M. McElroy, right, discuss changes that have been made in the association since 1947, when Mr. McElroy became its executive secretary.

Dean Neely Explains

Nationalization of Women's Social Clubs

Women's social clubs at Tech will hold discussions with representatives of national Greek letter sororities during October. Invitations to the national sororities for these meetings have been issued through the office of Mrs. Marjorie Neely, dean of women.

The sororities which have been asked to present information to the clubs are: Kappa Kappa Gam-

**MRS. MARJORIE NEELY
DEAN OF WOMEN**

ma, Pi Beta Phi, Delta Delta Delta, Alpha Phi, Alphi Delta Pi, Delta Gamma, Zeta Tau Alpha, Kappa Alpha Theta, Chi Omega, and Gamma Phi Beta. The clubs will petition sororities from this group.

However, it is the Dean of Women's hope that final decision as to which local club will affiliate with a particular sorority will be left entirely to the active club members. Therefore, only alumnae of a local social club who are initiated members of the visiting national sorority may attend these meetings.

These meetings will be of the informal discussion type. Refreshments are limited to one food item plus a beverage, and no favors are to be given. All members of the local social clubs are to be present at the scheduled meetings of their club. There can be up to 24 representatives of the national sorority

at a meeting, four of whom can be visiting officers or girls from nearby active chapters.

All entertainment between local and national groups is limited to October through November 8, and each national group may entertain the same local group only once.

Requests to petition a national sorority may be initiated by any local group any time after Nov. 15, but all petitions are to be submitted to the Dean of Women for approval.

Installation of national chapters may take place anytime after April 1, 1953, the exact date to be

determined later. This provision is to allow enough time for all of the women's social clubs to receive approval of their petitions from the respective national organizations, and so that the installations can take place at approximately the same time.

Information will be included in the December issue of the policies in relation to initiation of alumnae members for each of the respective clubs. Each sorority has its own rule on this matter, and this will be explained as soon as each club makes its individual choice known.

Faculty Members Hold First Meeting of Fall Term Sept. 12 in Aggie Auditorium

Texas Tech's faculty got together for the first time this fall to make new and renew old acquaintances Sept. 12 in Tech's Aggie Memorial Auditorium.

Dr. E. N. Jones, the school's new president, presided over the meeting at which divisional heads introduced the new members of the faculty to the "old guard."

Giving credit to the work of his predecessor, Dr. D. M. Wiggins, Dr. Jones told the faculty members that it was for them, now, to meet the challenge of progress established as a pattern at Tech during the past four years.

Americanism Head Introduced

Dr. Jones also introduced J. Evetts Haley, Canyon rancher who takes over the newly established and much discussed Institute of Americanism at Tech.

In acknowledging the introduction, Haley told the audience that his institute, which is to work in conjunction with all other departments of the school, would be a "vigorous and sturdy advocate" of basic American ideals.

W. P. Clement, Tech registrar, gave the faculty a brief run down on prospects for enrollment at Tech during the fall semester. Despite earlier predictions of a decreased enrollment, Clement said, early indications were that

Tech would have 200-300 more students this year than last year.

Warren G. Harding, assistant registrar, instructed the teachers in handling of Korean veterans attending school under the G. I. Bill. About 200-300 such veterans were expected to enroll in Tech.

New Faculty Members

New faculty members and those returning after leaves of absence who were introduced or announced included:

Engineering—L. J. Powers; business administration—Haskell Taylor; Jeff Cooper, Donald J. Tate, Bob Hermitz, Mrs. Helen Williams, Burl Hubbard, Dr. Howard Golden; arts and sciences—Donald McDonald, Robert H. Price, Earl Green, Raymond D. Mack, D. I. Dauley, William B. Odin, Roland Herald, Mary Dabney, Ronald E. Schultz, Woodrow Halvorsen, and Dr. S. M. Kennery; agriculture—Ira L. Williams, E. A. Jordan, Coleman Ward; student life—Mrs. Nancy Ennis, Mrs. Paula Durham and Jeff Parrish.

Dr. Jones also announced the appointments of Dr. Per G. Stensland as head of Tech's adult education program, and of Dr. Lewis N. Cline, as a distinguished professor in geology. Neither man, however, was able to attend the meeting.

The Hitchin' Post

BILL CHANDLER of Odessa married Betty Lou Jones of Columbus, Miss., on Aug. 17 at the First Baptist Church, Odessa. The bridegroom, a '51 graduate, belonged to Kemas at Tech and is employed by Stanolind Oil & Gas Co. The couple will reside in Odessa.

* * *

CAROLYN LOUISE PARKER of Amarillo and ROBERT C. MONK of Lubbock were married Aug. 31 at San Jacinto Methodist Church in Amarillo. Mrs. Monk received her degree in secretarial administration in '52 and the bridegroom holds his degree in sociology. Mrs. Monk was president of Phi Gamma Nu and a member of Alpha Chi and Forum. The bridegroom is attending Perkins School of Theology at SMU.

* * *

WANDA VOWELL, '52, of Colorado City, became the bride of Kenneth Nix on Sept. 6. They plan to live in Midland. At Tech, Wanda was a member of DFD. The bridegroom attended Sul Ross.

* * *

MARVENE DOLORES SOMERVILLE and DONALD WARD McCaig, JR., both of Lubbock exchanged wedding vows on Sept. 1 at St. John's Methodist Church. The bride, a junior student at Tech, is a member of Las Vivarachas social club and Wesley Players. McCaig is a senior student and a member of Sigma Gamma Epsilon.

* * *

JOHN OLEN MOORE of Midland married Jeannine Johnston, Hamlin, at the First Methodist Church in Hamlin on Aug. 31. The groom holds his degree in petroleum engineering and is employed as a geologist for the Superior Oil Company in Midland.

* * *

PATRICIA ELEANOR JENNINGS, Plainview, and WILLIAM RICHARD PHILLIPS, Amarillo, were married at the First Methodist Church in Plainview on Sept. 6. She was a member of Las Chaperitas. The bridegroom, a mem-

ber of Wranglers, is now in the Navy.

* * *

Two graduates, DOROTHY ANNE PHILLIPS, Eagle Pass, and E. J. HILL, JR., Baird, exchanged vows on Aug. 30 in Memorial Chapel of the First Methodist Church, San Angelo. The couple is at home in Wichita, Kansas. The bride was a member of Ko Shari and taught in Lubbock Public Schools last year. The bridegroom, a Centaur member, is employed as an engineer by Boeing Aircraft Co.

JANE HORTON, Lubbock, and James Heyward Wells, Bonham, were united in marriage in Ford Memorial Chapel of the First Baptist Church, Lubbock, Sept. 11. The bride is a Tech graduate. The couple will live in Austin where the bridegroom is a pre-med student in the University of Texas.

* * *

MR. and MRS JOHN FRANKLIN MANER became man and wife Sept. 6 at the Denver City Methodist Church. The bride is the former CLODETTE BAKER, Denver City. The bridegroom is a graduate of Tech and attended law school last year at the University of Texas. His club is Wranglers. The bride was a member of Las Vivarachas, which she served as president last year.

* * *

MR. and MRS. WILBUR LEON HEATH, were married on Aug. 22 in the First Methodist Church, Comanche. Mrs. Heath is the former DOROTHY LOUISE WILLIAMS, a junior student majoring in education. The bridegroom is a senior in business administration. Both are continuing their studies at Tech this fall.

BELVA JEAN BLAKE and ERNEST EUGENE SULLIVENT, JR., were married Sept. 7 in the new sanctuary of St. John's Methodist Church, Lubbock. Both are students at Tech, where he is a junior textile engineering major and a member of Phi Psi and the Textile Society.

* * *

MR. and MRS. RAY LAWLIS are at home at 2304 15th St. Lubbock. They were married Sept. 5 in Clovis, N. Mex. The bride, the former PATRICIA NORENE WESTER, attended Tech and is employed by the Business Service Bureau. He is a sophomore education student at Tech.

* * *

Two Tech students, MARY ELLEN BUSSEY and RALPH GAIL HODGES, pledged marriage vows Sept. 13 at College Avenue Baptist Church, Lubbock. They are at home at 2310 9th St. The bride entered Tech this fall, and the bridegroom is a senior pre-medical student at Tech, where he is a member of Alpha Epsilon Delta and Men's Glee Club.

* * *

Martha Hall and JACK YOUNG were married in a candlelight ceremony read Sept. 1 in First Baptist Church of Sudan. The bridegroom is a graduate of Tech, where he was a member of Los Camarados social club.

* * *

WILLIAM HUGH HUNTER III, Dallas, and his bride, the former Mrs. Edna Rainey Paige of Arlington, N. J., are at home at 4195 Beechwood Lane, Dallas. He attended Texas Tech and was a member of the Centaur club.

* * *

The First Baptist Church in
(Continued On Next Page)

Chapter Chatter

• **Amarillo Outdoor Party** — The Amarillo Ex-Students Association held its annual outdoor party on Sept. 12 at Thompson Park. Seventy-nine persons turned out for the barbecue.

Bob Lilly, chapter president, presided. Others who had parts in the arrangements were Jack Brown, food; Pat Johnson, publicity; and Betty Southern, chairman of the attendance committee.

Short talks were made by Bill Pearce of the Tech history department; Bill Davis, government department; and D. M. McElroy, executive secretary of the Ex-Students Association.

Other entertainment included showing films of last year's game between Tech and the College of the Pacific and of "Futures Unlimited."

Some of the guests present were Clint and Margaret Clark Formby, Hereford, former president and secretary of the Student Body. Bill Glidewell, who is coaching the football team at Amarillo Air Force Base, was also there. Two former Red Raiders present were Bill Barbee and John Andrews.

Jack Brown announced that plans are being made for a November dance for the organization.

* * *

• **Fort Worth Dudes** — The Fort Worth Chapter of the Texas Tech Ex Association entertained with a dude ranch party at Shangri-La Guest House at 2 p.m. on Sept. 6.

Tickets were \$2.50 per person and were sold by Lalla Wright, Chas. McNeese, Bill Thomas, Conner X. Russell, Joe Mapes, and Pat Jarvis. Reservations were all made three days before the party.

Shangri-La, located about 14 miles from Fort Worth, has swimming facilities, horses, and all dude ranch entertainment.

Election of officers was the main business on the agenda. Nominations submitted by the Nominating Committee were as follows: Bill Thomas, president; Conner X. Russell, first vice president; Dr. Joe Richardson, second vice president; Judy McCreary, third vice president Chas. Colvin, fourth vice president; Mary Helen Rattokin, secretary; Mrs. W. H. Sellers, treasurer.

Directors nominated were Walt Nixon, class 25-30; Henry Elder,

class 30-35; R. E. Sparks, class 35-40; Victor McDaniel, class 40-45; Thos. Lee, class 45-50; E. L. Baker, Jr., class 50-55.

* * *

• **Houston Activities** — The Ex-Students Association of Houston met Friday evening, Aug. 22, at Don's Place, a restaurant. During the evening the chapter presented \$200 to the scholarship winner, elected officers, and had a lively discussion for future plans of the club.

Mr. James Huffman turned the office of president over to Mrs. R. A. (Lois Paulsel) Lohse, '37. New vice president, succeeding A. B. (Tony) Ullrich, is Steve A. Brooks, '48. Gerald T. Kerbow, '50, took the place of J. W. Boone, '37, as treasurer. Evelyn M. Knox was re-elected as secretary.

Gilbert Knox, '44, as chairman of the scholarship committee, presented the scholarship check to Miss Marilyn Stonecipher, a '52 graduate of Jefferson Davis High School of Houston, a pretty and accomplished young lady who has already won many honors both in scholastic and extra-curricular fields. The fund comes from voluntary contributions by Houston Tech Club members.

The chapter held open house from 2 to 6 p.m. on Sept. 27 at the American Legion Hall in the Village, 5505 Kelvin, between Rice University Boulevards. An invitation was cordially extended to all exes in Houston for the Rice-Tech game.

* * *

• **Midland Get-Together** — The American Legion Hall at Midland was the scene Sept. 13 for a barbecue supper for ex-students of the area. Backfield Coaches Jack Mitchell and Buzz Warren attended from Tech.

Approximately 140 people turned out for the party. Coach Mitchell gave a short talk on Tech's Athletic prospects. A film of the Sun Bowl game between Tech and the College of the Pacific was shown, followed by a dance.

Marshall Mason, chapter president, presided at the business session.

* * *

• **Plans for Snyder** — Leon Huff, '50, manager of the Snyder Chamber of Commerce, is interested in

starting a Tech Ex-Students Chapter for Snyder. Those who would like to belong can contact him at the Chamber of Commerce.

* * *

• **Chapter Reporters** — What is happening in the other chapters? Send your chapter news to the editor, The Texas Techsan, so that this magazine can present a well-rounded picture of activities each of the chapters is sponsoring.

Hitchin' Post

(Continued From Page 7)

Lamesa was the setting Sept. 27 for the marriage of ALICE JOY BARRON, Lamesa, and BILL R. REID, Goodnight. Both are Tech graduates.

* * *

LUCILLE SEYBOLD and 2nd Lt. RONALD LEE RUSHING, both of Lubbock, exchanged vows at St. John's Methodist Church on Aug. 2. Both are Tech graduates. The bridegroom was a member of Kemas and the bride's club was Las Chaparritas. Lt. Rushing is stationed at Reese Air Force Base.

* * *

ANN MANSFIELD, Dallas, and WALTER RECTOR, Lubbock, were married in a candlelight ceremony Sept. 13 in Cliff Temple Baptist Church, Dallas. The bride was secretary of Las Chaparritas social club, and the bridegroom was graduated from Tech and was a member of Kemas social club and Tau Beta Pi honorary fraternity.

* * *

BERNA JO BARLETT, San Angelo, and Lt. Harry K. Rogers Jr. were married July 3 in Olton Methodist Church. The bride, who is a journalism graduate from Tech, represented Lubbock summer before last at the Texas beauty pageant.

* * *

Two students, BARBARA DEE WEBB, Lamesa, and JOHN HERMAN CASKEY, Quanah, were joined in marriage in the First Baptist Church, Lamesa, on Aug. 31. The bride is a member of DFD and the bridegroom belongs to College Club.

Cradle Rockers

LT. JAMES STONE, '50, and EVELYN BOWERS STONE, '48, of Fort Leonard Wood, Mo., a daughter, Janis Elaine, on August 16.

* * *

PAUL NAIL, '47, and FRANCES CLARK NAIL, '44, of Houston, a daughter, Leslie, May 10.

* * *

WILLIAM M. FLYNT, '44, and Mrs. Flynt of Houston, a daughter, Pamela, June 1.

* * *

TURNER KIMMEL and PANZE BUTLER KIMMEL, a son, Robert Butler, born July 21. They have recently moved to Snyder, where Turner is associated with Butler-Brasher Architects.

* * *

Patricia Lou (Patty) Sterling is the new daughter of J. M. STERLING and LUCILLE SORRELLS STERLING, '49, Knapp. The Sterlings have a son, Jimmy, who is two.

* * *

MR. and MRS. WARREN D. SMITH, O'Donnell, a new son, David Moore, who was born Aug. 17. Warren studied agricultural economics in '30-'31, and Mrs. Smith (OLETA MOORE) was a home economics graduate in '38.

* * *

JIM and LEVORA MANNING D'ACOSTA, a son, Carl Emil, weighing 4 pounds 13½ ounces, Aug. 7 in Mexico City. Levora was president of AWS, and Jim, a textile engineering graduate, was a member of Silver Key.

* * *

HERMAN THIELE, '51 mechan-

ical engineering graduate, and Mrs. Thiele, a son, Curtis Elbert, born Aug. 28. He is with Texas Power & Light Company of Trinidad. Another son, Dennis Herman, 21 months, was born in Lubbock.

* * *

L. W. and VIOLA WAGNER ROSENBAUM, Spearman, a daughter, Vicki Jean, on April 2. His class is '50 and hers is '51.

Texas Tech Band Goes To Dallas

Texas Tech's Matador Band has been invited to represent Georgia Tech at the Georgia Tech-Southern Methodist University football game scheduled for Oct. 4 in the Cotton Bowl at Dallas.

The invitation was made public by Dr. D. O. Wiley, director of Tech bands, who promised that he and the band would "put on a first class show" for the Georgia team.

Dr. Wiley said he was informed of the invitation by Okley Pittman, director of the SMU Mustang band. As a representative of the visiting eleven, Tech's band will sit in the Georgia Tech section of the bowl and take the field first at halftime.

The invitation was termed "a very nice gesture on the part of SMU" by Dr. Wiley.

About 114 members of the band will make the trip to Dallas, he said. They are expected to leave early Saturday morning, Oct. 4, by chartered bus and to return Sunday night, Oct. 5.

The Dallas trip is a two-purposed affair for the Tech band, which will also play a 60-minute concert at 1:30 p.m., Sunday, Oct. 5 in front of the Texas State Fair's Hall of State. That day has been set aside as Texas Tech Day by the fair.

Other special programs for the day include a small ensemble concert for television and an interview program over WFIAA at 12:15 p.m. Sunday, Oct. 5. Dr. E. N. Jones, Tech president, and W. L. Stangel, dean of Tech's agriculture division, will appear on the program with Murry Cox, "Mr. RFD."

Twelve Texas Tech Students Receive Speech Awards

Twelve Texas Tech students have been awarded \$1,200 in speech scholarships, according to an announcement by Dr. P. Merville Larson, head of Tech's speech department. The awards, worth \$100 each for one year, were put up by nine Lubbock individuals and the Texas Society for Crippled Children.

The recipients were selected on the basis of general academic standing, speech academic standing, and participation in speech activities. Five entering freshmen and seven upperclassmen were named to receive the scholarships.

The freshmen were Betty Doris Hamilton, Lubbock; Mary Alice Braselton, Plainview; Virginia Carr, Lubbock; Bayard E. Foster, Mertzon; and Alice Dickson, Dallas.

The upperclassmen were Gail Littleton, Perryton sophomore; Eleanor Lincoln, Levelland junior; Mary V. (Mollie) Newman, Shallowater sophomore; E. J. Tarbox, Jr., Darrouzett junior; Harriet Henderson, Lubbock sophomore; Beverley Brandt Ross, Pampa sophomore; and Pat Edwards, Fort Worth senior. Of this group, Tarbox, Newman and Miss Henderson received speech scholarships as freshmen in 1951, the first year of the awards.

Donors of scholarships are Mr. and Mrs. Herschel Maxey, Mr. and Mrs. Clarence Davis, Dr. and Mrs. M. C. Overton, George E. Benson, Mr. and Mrs. C. C. Caldwell, John Broome, Retha Martin, Roy Furr, and the Texas Crippled Children's Society.

Alschuler to Present Cup To Best Decorated Dorm

Al Alschuler has announced that he will again contribute a loving cup to the dorm that is judged to have the best decorations for Homecoming. Mr. Alschuler, owner of a Lubbock men's clothing store, has donated a cup for the past two years to the best decorated dorm. The cup becomes the permanent possession of the dormitory.

Make plans now for Homecoming, November 1.

Techsans In The Service

Ensign Gene Hamilton, visited recently in Lubbock after receiving his commission in August. Gene spent 11 months in Korea before returning to the states and earning his commission. He is a member of Socii.

* * *

Kennett Hobbs, '51, is a lieutenant in the Air Force and is stationed in Ohio. Hobby is engaged to Pat Knight, '53, and they plan to marry in January.

* * *

Sgt. Charles McDonough, '50, agriculture graduate, is now serving with the 21st Engineer Combat Battalion in Alaska, but will be home as a civilian in November.

* * *

Pvt. James E. LaMunyon entered the Army Aug. 19 and is stationed at Fort Bliss.

* * *

Capt. Lendon P. Pearson, '42, has been awarded the Army Commendation Ribbon for meritorious service in Korea. He was cited for his work while commanding Company A of the 3rd Infantry Division's 15th Regiment from Jan. 3 to May 3. He has since been transferred within the Far East Command. His parents, Mr. and Mrs. William B. Pearson, and his wife, Rosemary, live on Route 2, Eustace. His other decorations include the Bronze Star Medal with "V" device for valor and the Combat Infantry Badge. He came to Korea last December.

* * *

Howard F. Dudley, '53, is serving with the Air Force overseas. He plans to return to Tech to complete studies for his degree as soon as he is released.

* * *

Sfc. Richard L. Compton has completed the light and heavy weapons infantry leader course at Fort Benning, Ga. He entered the Army in Lubbock on April 21, 1943 and is currently stationed at Fort Bragg, N. C. The course recently completed by Compton prepares non-commissioned officers for duties as light and heavy weapons instructors with the various infantry units.

* * *

S/Sgt. Garland Gayle Nix, '50, is serving with the U. S. Air

Force and is stationed at Roswell, N. Mex.

* * *

Pfc. Billy Lloyd Lynch, class of '50, can be written at Company "E", 8th Infantry Regiment, APO 39, New York, N. Y.

* * *

The address of Capt. Everist Louis Bednorz is Box 55, O.M.S. Williams A.F.B., Chandler, Ariz.

* * *

Lt. (jg) Rudolph Rice, Supply Corps, USN, recently returned to active duty with the Navy and is now stationed at Memphis, Tenn. He is an assistant commissary officer in the Supply Department, where thousands of the Navy's aviation technicians are being trained.

* * *

2/Lt. John J. Boyd, '51, who has been stationed at Bossier Base, La., is being transferred to Ellington Air Force Base for navigation training. John was studying agricultural economics at Tech.

* * *

First Lt. Frank E. Winner, Jr., Tech ex, is serving in Korea with the 2nd Infantry Division, which gained fame in two of the hardest fought battles of the Korean war. It captured "Heartbreak Ridge" in October 1951 and took "Old Baldy" last July. Lieutenant Winner is a machinegun platoon leader with Company M of the division's 23rd Regiment.

* * *

Sgt. Billy R. Reid, '49 graduate from Goodnight, is now training with the 5th Engineer Combat Battalion at Giessen, Germany. The battalion is a supporting unit of the U. S. Seventh Army, which is helping guard western Europe as part of the North Atlantic Treaty Organization (NATO) forces.

* * *

Sergeant Reid, who entered the Army in September 1950, is serving as a platoon sergeant in the battalion's Company B. He holds the Army of Occupation Medal for duty in Germany.

* * *

Pfc. Dewey L. Davis, USMC, twice wounded in action against Chinese Reds, left Korea Sept. 3 to return to the United States.

He volunteered for the Marines March 8, 1951.

* * *

Don Paul Keith, '50 graduate in geology from Lubbock, is a first lieutenant in the Air Force. He is stationed at Sherman.

Two Tech Backers Take Special Tour

C. T. McLaughlin, Snyder oil man, member of the Texas Tech board of directors and chairman of the Tech Foundation Board, has been invited by Secretary of Defense Robert Lovett to take an "orientation tour" to view recent developments by the Army, Air Force, Navy and Marine Corps.

Raymond E. Buck, Fort Worth attorney and a director of the Tech Foundation Board, is the only other Texan invited to take the tour.

The two men reported to the Pentagon Sept. 23. They had a day and a half of orientation there, then went to Quantico, Va., Marine base.

The group was then flown to the U. S. Navy base at Pensacola, Fla., arriving Sept. 27, and staying there through Sept. 29. The next day they viewed Eglin Air Force Base, Fla. On Oct. 2 the group will see Fort Benning, Ga.

Their last stop before returning to Washington will be at Norfolk, Va., where they will spend a night and a day on an aircraft carrier.

L. J. Powers Becomes Head Of Mechanical Engineering

L. J. Powers, who has been associate professor in the Department of Mechanical Engineering since 1942, has become active head of that department since the retirement of H. F. Godeke went into effect last month.

Godeke, department head 22 years and well-known figure on the campus, will go into modified service as a professor under a state law which becomes effective when an instructor reaches the age of 70. He was 70 in December.

Powers worked with the Phillips Petroleum Company in Phillips last summer.

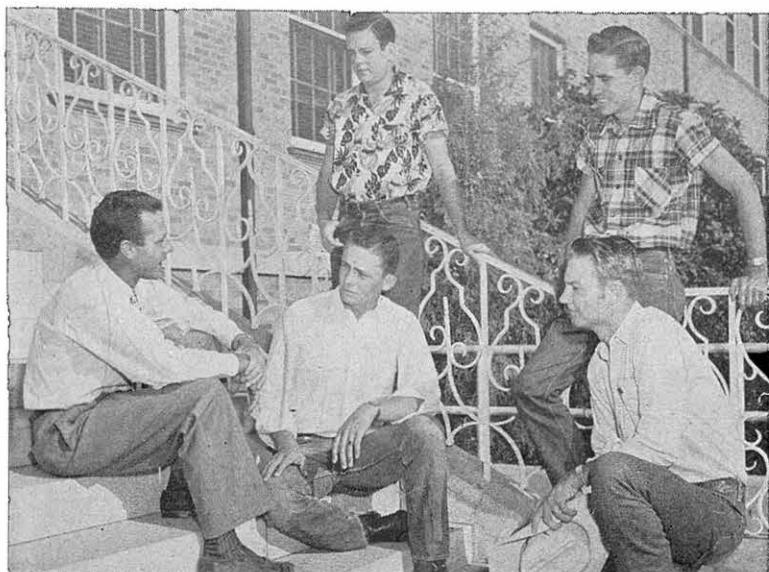

Judging Teams Try To Win Honors In September

Texas Tech has sent two judging teams into three states during September to compete in collegiate judging contests.

The teams, one in dairy cattle and the second in dairy products, competed in the Southern Dairy Cattle contest in Memphis, Tenn., Sept. 24, the National Intercollegiate Dairy Cattle Judging contest in Waterloo, Iowa, Sept. 29, the Southern Dairy Products Judging contest in Nashville, Tenn., Sept. 22, and the Collegiate Students' International contest in Judging Dairy Products, Chicago, Ill., Sept. 25.

Tech was second in the Southern Dairy Products contest in 1951. The contest is limited to teams representing Southern states. Ten teams are expected to enter. Tech has competed in Chicago contests annually since 1935. This is its 31st annual contest, and 31 teams are expected to enter.

Koy Neeley, coach of the senior dairy cattle judging team, took his group to Memphis for the Southern Intercollegiate Dairy Cattle contest, which is part of the Mid-South fair. From Memphis, the team went to Waterloo, Iowa for the National Intercollegiate Dairy Cattle Judging contest, which is part of the National Dairy Cattle Congress. It was

SENIOR DAIRY CATTLE JUDGING team members discuss plans for their trips to Memphis, Tenn., and Waterloo, Iowa. The team competed in sectional and national contests. Standing left to right, are Spencer Norwood and Charles Browning, both Burleson juniors; seated, Koy Neeley, coach; Roy Miller, Friona senior, and Carl Menzies, Menard junior.

Tech's first entry in the Southern contest.

Members of Neeley's team are Spencer Norwood, Burleson junior; Charles Browning, Burleson junior; Roy Miller, Friona senior; and Carl Menzies, Menard junior.

Dr. J. J. Willingham, head of the manufacturers department, coaches the dairy products judging team, which is composed of Dudley Price, El Paso senior; Raymond Vanderpool, Dallas junior; Julian Hunsucker, Hedley senior;

and Deaton Rigsby, Evant junior. This will be the only trip of the year for this team, but a junior team of cattle judges will make an appearance at the Southwestern Exposition and Fat Stock Show in Fort Worth in February and the American Royal Livestock Show in Kansas City, Kan., in May.

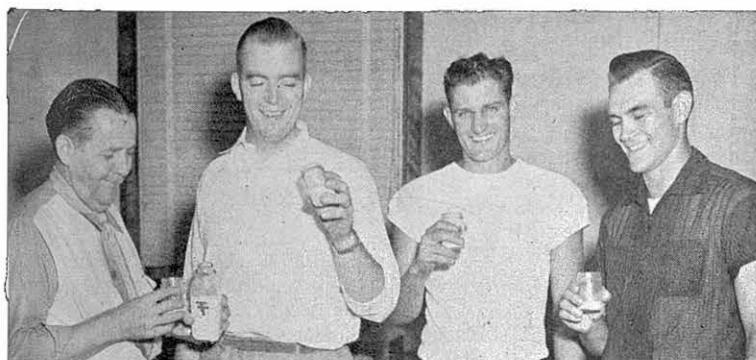

Winner Is Named Legal Scholarship

Miss Martha Lou Hubbard, daughter of Mr. and Mrs. Alpha Hubbard of 3101 Twenty-sixth street, is the first recipient of the Lubbock Bar Auxiliary scholarship. She will receive \$40 for the fall semester and the same amount in the spring.

The scholarship is open only to women students of junior level or above with at least a 2-point grade average.

Miss Hubbard, who is a junior government major, has maintained a 2.32 grade-point average at Tech.

This scholarship, offered for the first time this year, is sponsored by the Lubbock Bar auxiliary, an organization of wives of Lubbock lawyers.

DAIRY PRODUCTS JUDGING team members test samples from the Texas Tech Dairy in preparation for competition in Nashville, Tenn., and Chicago. Left to right are Dr. J. J. Willingham, coach; John Dudley Price, El Paso senior; Julian Hunsucker, Hedley senior; and Raymond Vanderpool, Dallas junior.

Signals From The Huddle

'27

CLAUDE S. DENHAM and wife, the former PAULINE MADDOX, '34, have lived in Lubbock since 1948. He is employed by McGuire Sales Co., and had previously been associated with the Ozona schools for 20 years, 16 of which he served as superintendent.

'28

MISS GLENYS HONEY plans to continue her teaching duties in the English department of Lubbock Senior High School.

'29

CLARENCE WHITESIDE, who has owned Whiteside Laundry in Lubbock for several years, has sold the business and now owns and operates Whiteside Office Building at the former laundry location. He and his wife (LIZZIE BELLE CLEMENTS, '31) live at 1909 29th St.

A member of the class of '29, MRS. CASTO M. PEEK, formerly VIVA WYLIE, is teller for the First National Bank of Baird.

Mrs. Leonard Cole (GLIDWELL MULLINS) has organized her music classes for the fall. She is teaching privately in Lubbock.

'30

MR. and MRS. ELBERT KERR HESTER live at 2414 32nd St. in Lubbock. Mrs. Hester (MARY ETHEL DONNELL) returned to Tech in '46 to receive her degree in home economics. They have two children, Goldia, who is a junior in Austin College, and Beth, a junior in Lubbock Senior High School. He is the owner of Hester Construction Company.

MARY LOUISE McNEILL received her Ph.D. Aug. 6 from the University of Iowa, Iowa City. She returned to Tech in the summer sessions of '34 through '36 to receive her M.A. She heads the foreign language department at Panhandle A & M College, Goodwell, Okla.

'31

MR. and MRS. RAY SAWYER are now living at 1607 Fannin in Amarillo. They have two children, Jim, who is in the service, and Tom. She is the former JAMIE TATUM.

GLENN DeFORREST CHASE is construction superintendent for Southwestern Public Service Co.

in Plainview. He can be contacted through Box 791.

'32

MRS EARL B. HOBBS (PATTI HOPPING) is planning a busy year as president of Lubbock Women's Forum and WMU at the First Baptist Church, plus caring for her two children, Bryan, 11, and Sylvia, 9. MR. HOBBS owns and operates a gin at New Deal.

WALTER T. WHITE, electrical engineering graduate, has recently been appointed to the position of engineering department head for special weapons by the Sperry Gyroscope Company. In this capacity he is responsible for the systems engineering on guided missiles as well as the field testing of missiles at Point Mugu, Calif. He resides at New Hyde Park, N. Y.

LEWIS and NAOMI LAWSON WARD live in Lufkin, where he teaches science and math in the public schools.

'33

MR. and MRS. JENIE LEE BURKE, JR, are living in Jal, N. Mex., where he is superintendent of schools. Mrs. Burke is the former JOYCE ESTHER GROSS, who attended Tech in '32. Mr. Burke received his M.A. in education in the summer of '33.

'34

ALBERT GREER recently brought his Brownfield football team to watch the Red Raiders work out. Mrs. Greer will be remembered as the former VIRGINIA C. BOYD.

The JAMES GRAY MARSHALLS are living in Crosbyton where he is the local Ford dealer. Mrs. Marshall is the former COLETA JOY BAKER.

JOE HARTER has recently changed his position from an advertising salesman at the Lubbock Avalanche-Journal to an agent for the Californian Western State Insurance Co. Mrs. Harter (BENNETT CURRY BENSON) received her B.S. in home economics in 1940.

Mrs. John Shinn is still teaching in Meadow Public Schools. She is the former MAIE LUCILE BLACKSTOCK, history graduate.

'35

ALVIN CREWS recently did a fine job as chairman of the Loyal Fund drive at Anton, where he

is engaged in the farm implement business.

MR. and MRS. OLIVER THOMAS are a busy Lubbock couple. Mrs. Thomas (MELBA WATSON) looks after Watson's furniture store, while he owns Thomas Bros. Co., which has office supplies.

LELLESSE M. HAYS, now MRS. L. H. KIRBY, lives at 2301 29th St., Lubbock. Her husband, class of '36, is a partner in Haynes & Kirby Arch.

'36

Mrs. Robert G. Bruachli (MARGARET ANDERSON) writes from Whippany, N. J., that Techs (and Texans) can get things done. She explained that after being installed as president of the newly formed Soroptimist Club in Morris County she was finally able to get mail delivered to the new subdivision where she and her husband had built their home.

'37

LEWIS KERR, who formerly owned half interest in the Kerr-Simmons Studebaker Sales Co. of Lubbock, has recently become full owner of the business. Mrs. Kerr (MILDRED FRANCIS) who graduated in '36 with a degree in education, was Ko Shari secretary.

'38

MRS. WILLIAM H. CRUTCHER, nee HELEN COBB, is dietitian for Hemphill-Wells tearoom in Lubbock.

MR. and MRS. CHARLES T. HUDSON (RUBY BARRETT FARLEY) are living at 1419 East Ave. D, Temple. At Tech, she majored in business administration and he was a Kemas member.

THOMAS L. MILLER is editing the Ford publication in Dallas. A journalism graduate, he was formerly copy editor for the Times-Herald.

'39

DUANE TILSON, chemistry graduate, manages the Lubbock office of Texas Testing Laboratories. His wife is the former DENA DORIS CASEY, '41.

NOEL (BUD) THOMPSON recently resigned from radio station KFYO in Lubbock to accept a position as program director for KGNC in Amarillo. Mrs. Thompson is the former ERON GAF-

FORD. Both received their degrees from Tech with majors in speech.

JOE A. STANLEY, JR., owns and manages Hygeia Purified Water Co. of Lubbock.

'40

RAYMOND JONES, married to the former RUTH ELNA SPRUILL, is teaching in Lamesa.

JEFF RAY and wife, JEAN McDAVID, live in Baltimore, Md., where he is group merchandiser for Montgomery Ward & Co.

DONALD BRUCE DOHERTY, graduate in business administration, is assistant to the vice-president-secretary-treasurer of Double Seal Ring Co. He lives at 1804 Wisteria Ct., Fort Worth.

LUCIAN THOMAS, Lubbock city commissioner, is convalescing after having broken both bones below the knee in his right leg last month when he fell while climbing from his bathtub.

'41

EARL D. CAMP earned his Ph.D. from the University of Iowa on June 6. Dr. Camp is professor of biology at Tech and is married to the former CHARLOTTE BALLOW, '39.

'42

RICHARD ALLISON SPRINGER and wife, formerly EDNA LOIS PASCHAL, are in Fort Worth. Richard received his B.A. in chemistry in '42 and returned to Tech for his B.S. in '47. He is employed by Bell Aircraft Corporation as assistant chief chemist.

CLAUDE WITTEN of Plainview is assistant administrator of the Plainview Hospital & Clinic.

MARY RUTH LEE, now MRS. WALLACE EUGENE GRAY, is living at 1515 E. Polk, Paris, and is doing private duty nursing.

'43

Appell Drilling Company of Alice employs JAMES L. GAUNTT as production superintendent. James received his B.S. with majors in petroleum engineering and geology.

The former DONNA JO BERRY, now Mrs. Clinton M. Evans, is a Pampa housewife.

MR. and MRS. JAMES NELSON RANGE are living in Decatur since he has recently been discharged from the Marines. She is the former RUBY LOUISE SMITH.

MR. and MRS. WENDELL ROWE SMITH live in Plainview,

where he is employed as division engineer by Southwestern Public Service. Mrs. Smith (ZELDA PEARL GLAZE, '42) studied home economics.

'44

WILLIAM M. FLYNT and Mrs. Flynt have a new home at 1107 Aubert in Houston. Bill is employed by the Soundscriber Corporation.

'45

ELBERT EUGENE RANKIN, who majored in mechanical engineering, is a process engineer for Phillips Petroleum Co. at Phillips.

The head of the bookkeeping department at Lubbock Memorial Hospital is LEONARD E. WATSON, who studied accounting at Tech. His address is 2006 62nd St.

HUGH ROWLAND and wife, (BETTE BALLARD, '44) live in Roswell, N. Mex., where he is a designer. They have two children, both boys. Hugh was a Wrangler member.

'46

Friends can contact Mrs. Larry F. Rackley (CLAYNELL FOWLER) through Box 641 at Spur. She studied education while at Tech.

HENRY TAYLOR HARTZOG, JR., manages a retail grocery owned by his father in Rio Hondo.

BOB DENNIS has his own firm in Houston called Dennis & Smith, Builders & Designer. Bob was a Wrangler at Tech.

'47

ANNE CRENSAW, employed at the Tech Museum, and ROBERT GASTON, business graduate employed by Stanolind Oil & Gas in Lubbock, have set Oct. 24 as their wedding date.

MR. and MRS. O. P. HARLAN, JR., reside at 3201 30th St., Lubbock. "Sleepy," a mechanical engineering graduate, is a sales engineer for Clove and Cowan, Inc. Mrs. Harlan is the former ALYCE HOWELL, '50.

BILLY K. POWER, textile engineering graduate, is back at Tech doing cotton research.

PAUL NAIL is ambitious enough to be taking night classes at the University of Houston, while holding down an engineering job with Dale S. Cooper & Associates.

ED HAVRAN recently dropped by the office to say that he is now working for National Farm Life,

Brigham Young's company, in Denton. Mrs. Havran (MURIEL GUNN, '42) studied Spanish at Tech.

MR. and MRS. BURL HUBBARD returned to Lubbock in September after having spent the last 16 months in graduate study at the University of Ohio, where Mrs. Hubbard (ANNE BIRKMAN, '44) received her master's degree in design. He is a member of the Tech faculty and she is a staff member of Decorator's Studio in Lubbock.

'48

ROGER OWEN, electrical engineer, has just been transferred from Plainview to Borger by Southwestern Public Service.

LEON BLAGG, mechanical engineer, is working for R. R. Crookston, consulting engineer, Houston.

MR. and MRS. BILLY FRANK BUTLER live in Snyder, where he is chief shipping clerk for Sunray Oil Corporation.

The city of San Angelo employs BETTY JO HANKS as secretary to the city manager. Betty holds her degree in English.

LOTTIE MARGARET ATKINSON has recently resigned her position in the Levelland schools to accept the position of speech therapist in the Midland Public Schools. Her new address is 100 West Cowden Ave., Midland.

OSCAR T. WILLIAMS, civil engineering graduate, is assistant city engineer for the city of Emporia, Kansas.

'49

RONALD B. PRUET, '49 graduate, is an independent petroleum engineer at Ranger.

A degree in sociology helped MARY NELL CATES become District Director for the Houston Girl Scouts. Mary Nell, a member of Las Chap, attended Tech in '48 and '49.

CLAUDE ELMER NICHOLS, who holds his B.S. in agronomy, is a soil conservationist for the U.S. Indian Service in Fort Duchesne, Utah.

Evanston, Ill., is home for Mrs. William Ferguson Maxwell, Jr., the former MARY LOUISE CLAYTON. Mary Louise studied journalism and worked on The Toreador at Tech.

In this air-minded age, BILLIE ROYCE GREENE decided to become an aerophysics engineer for

Consolidated Aircraft Corporation of Fort Worth. He received his degree in electrical engineering.

GEORGE WILL HOWELL, JR., is claims supervisor for American Associated Insurance Companies in Lubbock. He received his B.B.A. in marketing.

A January graduate in management, PHIL C. BROCK, is in Lafayette, La., where he is production engineer for Dowell, Inc.

JACK BURKHALTER is an instructor for the New Mexico Department of Vocational Education at Clayton. He is an animal husbandry graduate.

HUBERT L. BURGESS, JR., is owner and manager of the Varsity Book Store in Dallas, located across from the SMU campus.

JAMES STAFFORD has recently moved to Denton, but is still working for the U.S. Department of Agriculture in the Bureau of Entomology and Plant Quarantine's Pink Bollworm Division. He supervises a ten-county district.

'50

Just out of service is J. P.

ORD, who is working for the Childress Reporter, Childress.

JAMES GRAVES MAYFIELD, married to the former VAUGHN DANE WRIGHT, is a partner in H. W. Wright Meat Packing Co. of Waco.

Magnolia Petroleum Company employs WALTER M. LENAMON, petroleum engineer, in Lake Charles, La.

HARRY LEWIS GUNN and his wife, the former MARGARET RUTH DANIEL, are living in Crane, where he is chief computer for Southern Geophysical Co.

FRANK M. GLOVER of Mt. Pleasant owns and operates Glover Feeds in that city.

Mrs. Arnold A. Carmack, the former BILLIE JEAN ROUTON, is using her nursing major in her job as R. N. staff nurse at the Bell Hospital Clinic at Monahans.

The firm of Davis & Foster in El Paso is employing as senior engineer, WILLIAM FRANKLIN THORPE, JR., who earned his bachelor of architecture degree with a construction option in May

JOANN HAMPTON, Crowley sophomore and elementary education major, here faces the college girl's perennial back-to-school problem. How can a person get this mountain of luggage and incidentals to third floor South? in the case of a pretty girl like Joan, the problem may be resolved by an enterprising college male.

of '50.

DON L. ROBY is living in Seminole, Okla., where he is district geologist for Gulf Oil Corporation.

JOE BOYD REEVES, animal husbandry graduate, is a chemist for Shamrock Oil Company, Sunray.

CHARLES FRED BYRD is in Midland, working for Wm. Cameron & Co. as mud service engineer. He received his B.B.A. in management.

NEAL J. REED, animal husbandry major, is ranching at Sterling City.

MILDRED ANN HEDRICK, education graduate, is teaching the second grade in Roswell, N. Mex.

DORIS PITZINGER, civil engineering graduate, received a recent writeup in the Dallas Morning News because of the unusualness of a woman being in this line of work. Doris is president of the Dallas ex-students organization.

'51

MARY BURLENE ROWLAND is teaching home economics in Mertzon Independent Schools and lives in San Angelo.

MR. and MRS. JOE LEWIS have returned to Lubbock. While at Tech, Joe belonged to Silver Key, and his wife, formerly BETTYE GENE THOMSON, was Ko Shari.

Another '51 graduate, SAVANNAH TUNNELL, has decided to teach English and journalism again at Phillips, where she was employed last year. Savannah held membership in Theta Sigma Phi and DFD.

BILL C. HARVEY, who lacks only three hours having his degree in geology, is a sales representative for Phillips Petroleum Co. in Sioux City, Iowa.

POLLY MILLSPAUGH has returned to Tulane this fall for completion of her master's degree in sociology. Polly also studied sociology at Tech, where she was a Sans Souci and secretary of the senior class.

DAN LEE BAKER, '51 electrical engineering graduate, is now assistant project engineer for Sperry Gyroscope Co. in New Hyde Park, Long Island, N. Y. Friends can write him at 943 North 6th St.

RACHEL DUNAWAY, who was active in Sigma Tau Delta and Sans Souci, will not teach this year, but plans a secretarial career in Amarillo. She will share an apartment with PAT JOHN-

EDITH WILLIAMS, Theta Sigma Phi member at Tech, is taking an active part in the professional organization at Fort Worth, where she is working at radio station KFJZ.

GLENN RUSSELL is employed by Combined American Insurance Co. in Lubbock, but still finds time for his hobbies of flying and inventing. Glenn will be remembered as the inventor of an onion planting machine which he patented in '50.

HARRY ALBAUGH, August graduate, is an oil scout in Dallas, where he is also attending night school to study law at SMU. Harry was a founder of Adelphi, youngest men's social club.

DANIEL V. YARBROUGH, who holds his B.S. in geology, is employed by Stanolind Oil and Gas Company in the exploration department in Midland.

'52

JOHN CURTIS HARALSON, a commercial art major, is living in Richland, Wash., where he is a commercial artist for General Electric.

Two journalism graduates, DO-
(Continued On Page 17)

Verbie Oldham, a sophomore student at Tech, spent six weeks this past summer as student advisor to sixty-five students from twenty-one foreign countries who were enrolled in an orientation program at the University of Texas.

These foreign students speak at least two languages each, their own and English, and many speak more. After the orientation course, the group scattered to campuses all over the nation. There were seventeen other orientation centers located at points throughout the U. S. performing similar functions.

Verbie also attended the University last spring, at which time she served as vice-president of the International Club.

She is a Lubbock resident, the daughter of Mr. and Mrs. R. L. Oldham, 3303 28th St. She was an honor graduate of Lubbock High School and plays with the Lubbock Symphony orchestra. At Tech, her club is Las Chaparritas.

University officials were so pleased with her work that they have asked her to return next summer to serve as a student adviser again.

Tech Announces Instructor and Fellowship Appointments

Tech has announced the appointment of three full-time instructors and one half-time instructor, two temporary instructors and six other teaching and research fellows.

Top appointment went to 41-year old Ira Lawson Williams, Dallas-born agricultural engineering professor. Williams has been an associate professor of agricultural engineering at North Carolina State College, Raleigh, N. C., and has assumed a similar post here.

An author of several published articles, Williams attended Tech for his freshman year of college in 1926, but switched to Texas A. and M. from which he graduated in 1930. He received his master of science degree from Iowa State College in 1931.

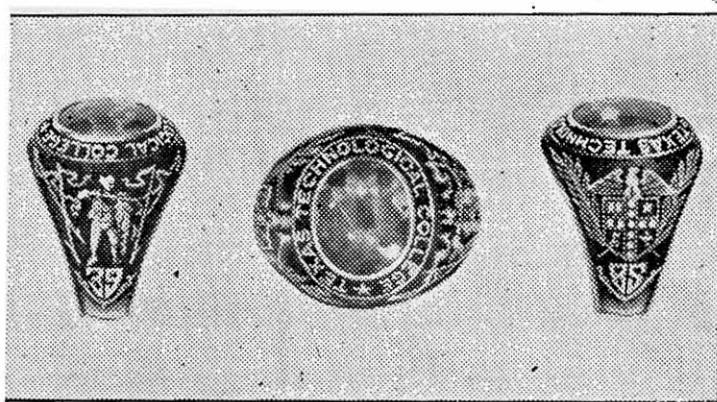

Since then he has been an instructor at the Long Island Agriculture and Technical Institute at Farmingdale, N. Y., a district engineer and farm planner for the Soil Conservation Service at Big Spring, and an assistant professor of aggie engineering at Louisiana State University, Baton Rouge, a position he held immediately prior to that at the North Carolina school.

Williams is married and has three children. He is a member of the American Society of Agriculture Engineers.

Former Tech student Eldred Augustus Jordan, 34, was named as a full-time instructor in aggie engineering. A former Army engineer, Jordan received his bachelor of science degree from Tech in 1952. He and his wife now are living in Lubbock.

A third Techsan and another Lubbockite, Coleman Younger Ward, 24, has been hired as a half-time instructor in plant industry at Tech. Ward, who was graduated from Tech with a bachelor of science degree in 1950, is married and has one child. He has been working the past few years as an agronomy instructor at Eastern New Mexico University and as a soil scientist for the U. S. Department of Agriculture Soil Conservation Service.

Mrs. Mary Elizabeth Strout, Lubbock, has been named a full-time English instructor. Mrs. Strout is the wife of Dr. Alan L. Strout, an English professor at Tech. She graduated from Northwestern University, Evanston, Ill., in 1925, and has attended the University of Wisconsin, Madison, Wis., and Birmingham University,

The Official and Standard Senior Ring of Texas Technological College is a splendid example of the present day thought in College Rings.

We offer this ring in 10 Karat Gold, set with synthetic ruby stone, and in three finishes—Dark Military Gold, Natural Gold and Green Antique.

For your convenience, the Texas Tech College Bookstore has all necessary samples and full information about the only Official and Standard Ring. However, if more convenient, write for descriptive folder. Rings can be ordered for any year.

Terms are full purchase price with order or a deposit of \$5.00 with balance on delivery.

Tech Announces

Birmingham, England. She is a member of Lambda Phi Delta (fine arts sorority), and has taught in Wisconsin and Indiana high schools, Acadia University, Wolfsville, Nova Scotia, and periodically at Texas Tech.

Robert Harold Price, 26, Long Island, N. Y., has been appointed as temporary instructor of foreign languages. A Navy veteran and single, Price received his master of arts degree this year from Middlebury College, Middlebury, Vt., where he also was awarded first prize in advanced stylistics. He received his bachelor's degree in 1950 from Hamilton College, Clinton, N. Y.

He is a member of Phi Beta Kappa and served for a year as an English assistant at the Lycee de Montpellier, France, where he attended school on a French government assistantship. He had been offered a Fullbright Study Grant at the University of Toulouse, France, but declined it for the assistantship.

The president's office has announced six other persons who were granted teaching and research fellowships.

Earl Frances Green, 27, Slaton, has recently been awarded a teaching fellowship in geology. He is a former Tech student who received his bachelor of science degree here in 1950 and his master's in 1951. He is now working toward his doctorate at Tech.

Ben F. Freasier, 28, a chemistry

instructor at Texas A. and I. College, was granted a research fellowship toward his doctor's degree. Freasier's special interests lie in reaction kinetics and reaction mechanisms. An ex-Marine, Freasier is married. He received his B.S. degree from Texas A. and I. in 1947 and his master's degree from the same school in 1950. He also attended the University of Oklahoma.

Allen D. Dockery, 20, San Antonio, who received a bachelor of science degree from the University of Corpus Christi in 1952, has been awarded a teaching fellowship at Tech. Working towards a master's degree, Dockery is especially interested in organic chemistry and the chemistry of hydro-carbons.

John S. Dehn, 21, Sheveport, La., has received a fellowship in chemical research. He graduated from Centenary College with a bachelor of science degree in 1952. His field is in organic chemistry and research.

Fred A. Brooks Jr., 20, has been granted a teaching fellowship. He received his bachelor of science degree from Austin College in 1952. Organic chemistry with respect to its practical applications is his major line of endeavor.

Sydney Albert Ronce Turner, 34, has been granted a teaching fellowship in English. Born in Lampasas in 1918, Turner received his bachelor of arts degree from Sul Ross College in 1941 and his master of arts from Hardin-Simmons University in 1951. He also attended Texas University

and New Mexico University. He has taught at Pecos and Balmorhea high schools, and at Sul Ross and H-SU.

Miss Helen J. Stafford, New York City, has been appointed a temporary instructor in biology. She received her bachelor of arts degree from Hunter College, New York City, and her masters from the University of Texas. Both degrees were in Botany. At present she is working on her doctor's degree at the University of Texas. A Phi Beta Kappa, her special interests lie in plant morphology.

The resignations of three former staff members have been revealed. They are Dr. G. E. Meade, associate professor of geology; Marion J. Smith, professor of electrical engineering; and Stuart F. Shaftier, assistant professor of textile engineering.

LORES KETCHERSID, '52, and SUE HOLMES, '51, plan to room together in Snyder, where both are employed by the Snyder Daily News.

HAZEL CLAUDENE JACKSON, now Mrs. Anthony Stearns Thorne, studied home economics at Tech and is now getting practical experience keeping house at 1700 Cherry St., Williamsport, Pa.

A '52 ex, ROBERT DAN PRITCHETT, owns a theater at Colorado City.

KENNETH DEAN PENDERGRASS and wife, JOYE JAYNELLE DARTER before her marriage, live at Meadow, where he farms. He studied geology at Tech.

"The Rolling Stone." That's what they're calling Paul Carr instead of "The Rock," as they did last year. In 1951 Carr was immovable—by the opposition—as a linebacker. He switched in spring training to fullback and netted 98 yards on 11 tries against a husky line.

Frank James. No, not the train robber. But he was just as ornery as Jesse's brother when it came to depriving Tech of yardage last season. So ornery, in fact, that the Raiders put him on their all-opponent team, alongside Baylor's guard Bill Athey. Need more be said?

A former West Pointer, J. D. Kimmel, who joined the exodus of footballers from the Academy last year, wound up at Houston—all 230 pounds of him. Standing 6 foot 4, the Tyler High grad looks every bit what he is—a rugged tackle.

Ambition. That's an understandable item. Likewise understandable

George Scott's Resignation Leaves Track Post Vacant

Texas Tech athletic officials at press time were still interviewing candidates for the job of trainer and track coach. George Scott resigned during the pre-season practice period. He coached Tech's freshmen in 1950 after coming from Canyon High School's staff. Scott was retained when Tech's new staff was assembled in 1951 and was given the duties of trainer and track coach when freshman athletics were abandoned by the Border Conference.

was why Houston applied last year for membership in the Southwest Conference even though it was apparent that if any school was admitted it would be Texas Tech.

With Houston entertaining the same hopes as Tech for SWC membership, there's no doubt that the Cougars will be going all out to prove that they are deserving of being included in that league.

And so will Tech.

JAMES MARTIN, 74, completed 25 years of service at Tech as a custodian in August. During his years at Tech, he has made many friends among the students and faculty as well.

Preliminary enrollment figures showed 4,675 students registered for this term.

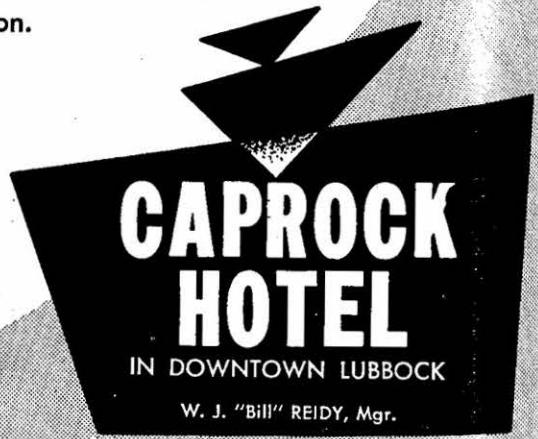

MEET YOU AT THE CAPROCK...

FORMERLY THE HILTON

Tech Exes have been making this their headquarters for Homecoming for many years, while the hotel was being operated as the Hilton.

Little has been changed except the name, and we invite you to make this your home for the Homecoming, or any other time you're in Lubbock.

Student Union Building Progresses Through Unusual Bit of Financing

By the time Texas Tech's new Student Union Building is ready for occupancy, it will be virtually paid for.

Financing the half-million dollar building for spare-time student activities was described by Donald Walker, Tech auditor, as "one of the slickest financed projects" he has ever seen.

And slick it is—both financially and structurally.

The building, the latest addition to the Tech campus, will be ready for occupancy somewhere between Nov. 1 and the end of the fall semester.

Who Pays

Students are paying for most of the building, whether they know it or not. Ex-students are paying \$25,000 toward the \$541,000 building, and they know it. The remainder was put up by students, through the Tech Bookstore, infirmary, senior class gifts, and concessions.

The bookstore, by directing all its profits toward the building, has taken the brunt of the financing. Under the direction of Conner Cole, the bookstore put \$150,000 into the Student Union project, and then obligated all profits for some time to come to retire \$250,000 in bonds. That was Feb. 1, 1950. The bonds were for 10 years and recallable not earlier than Feb. 1, 1955.

Since 1950, the bookstore and profits from campus concessions have paid off \$50,000 in bonds and created a reserve of almost \$120,000. In other words, the bookstore has almost paid off a \$250,000 self-inflicted, 10-year debt in four years. And Walker believes, with some conditions, that the reserve and its interest will cancel the bonds and their interests as early as 1954.

About \$15,000 a year is earned from concessions on soft drinks and candy dispensers.

The infirmary put up \$100,000, taken from a surplus which the infirmary planned to use for a permanent structure.

Tech's Ex-Students Association, under the direction of D. M. McElroy, executive secretary, obligated itself to raise \$25,000 as one of its first major projects.

This amount is being raised through students signing over their unused property deposits. This fund is also slated for the Student Union Building. Three senior class gifts, made up the remainder of the \$541,000.

Additional Plans

As soon as the present building is finished and paid for—the two items being realized about a year apart—the bookstore wants to start another fund to finish the original plan. An increase in the price of building materials, between the times the plans were made and the building was started, caused the college to withdraw somewhat in its initial building plans. One wing, which was to be located on the east end of the present building, had to be omitted.

The bookstore wants to complete the plans, and is willing to foot the bill.

Two Pre-Med Men Receive Awards

Hossein Karimi, a senior pre-medical student at Tech, from Teheran, Iran, and Wesley Alexander, junior pre-med student from Denver City, have been presented with the annual \$200 Lubbock-Crosby County Medical Society Premedical Scholarships. Dr. Joe Dennis, head of Tech's chemistry department and chairman of the Society's selection committee, announced the choices.

The two students were awarded the scholarships on the basis of scholarship, promise of success in the field of medicine, and character.

Members of the selection committee besides Dr. Dennis were Dr. R. C. Goodwin, dean of the Arts and Science Division; Dr. M. F. Landwehr, zoology professor, and Dr. J. C. Cross, head of the biology department.

Be sure to notify *The Texas Techsan* in case your address is changed.

Around The Campus

BY AUBREY SHOUSE

Enrollment was the September topic at Texas Tech.

College officials, at the beginning of the month, were looking for an enrollment of about 4,500, equal to that of the spring semester of 1952.

By mid-month hopes were raised. Dormitory reservations, high school transcripts, and inquiries pushed enrollment anticipations about 500 students. And, on the first day of registration, freshmen made the big noise at the registrar's office.

More than 1,200 freshmen registered for the fall term, compared with 900 in the spring.

A total at noon Wednesday (Sept. 23) showed 4,675 students enrolled at Tech. Included in the number were 3,410 men and 1,265 women, a three-to-one ratio.

The Engineering Division made the biggest jump in enrollment, increasing in the number of freshmen by about 40 per cent. The division had 1,076 students enrolled for the fall.

The highest enrollment was in the Arts and Sciences Division where 1,351 students registered. Engineering was second; Business Administration was third with 986; Agriculture was fourth with 690; the Graduate Division was fifth with 321; and the Home Economics Division was sixth with 251.

Students will continue to register through Saturday morning. Two Adult Evening Program classes are yet to register, and, by the time registration closes Sept. 27, the 5,000 mark should be in sight.

New Faculty Reporting to Work

With the beginning of the fall term, a new batch of faculty members reported to work. Among them were DR. LEWIS M. CLINE, distinguished professor of geology, J. EVETTS HALEY, director of the Institute of Americanism, and DR. PER G. STENSLAND, head of the department of Adult Education.

At the faculty meeting Sept. 12, Mr. Haley was asked to explain his work. He said simply:

"When the people's rights under the Constitution and Bill of Rights are threatened, this Insti-

tute will come to their vigorous defense."

DR. CLINE is Tech's distinguished professor. DR. CARL COKE RISTER, distinguished professor of history, has been on the campus a year.

DR. STENSLAND heads a department set up by the Ford Foundations Fund for Adult Education, a \$24,000 grant spread over a three-year period.

Others reporting for duty were COLEMAN WARD, part-time instructor in plant industry; ELDRED A. JORDAN, Fredericksburg, instructor in agricultural engineering; IRA WILLIAMS, Dallas, professor of agricultural engineering; DONALD TATE, Tallahassee, Fla., professor and head of the department of business education and secretarial administration.

HASKELL TAYLOR, BURL HUBBARD, DR. HOWARD GOLDEN, RAYMOND MACK, JEFF HOOPER and WILLIAM ODEN returned to the faculty from leaves of absences with the armed services, advanced study, and government service.

RONALD SCHULZ and WOODROW HALVORSON joined the speech faculty, DR. MARY DABNEY is to head the depart-

ment of health and physical education for women, and ROLLIN HERALD will teach photography on a part-time basis. JEFF PARISH becomes the new director of the recreational hall for the academic year, replacing DAN PURSEL, who resigned to enter business in Dallas.

FIRST LT. VERNON D. WADE, 1948 electrical engineering graduate and assistant professor of Air Science and Tactics, has been accepted for pilot's training in the Air Force. He is due to report to Greenville, Miss., Oct. 5. He has been at Tech three years. Previously, Lt. Wade received a master's in electrical engineering from Oklahoma A&M.

DR. G. E. MEADE, associate professor of Geology, resigned to take a position with an oil company in Canada. DR. R. S. UNDERWOOD, professor of mathematics, has his third article on "Functions of N Variables in Extended Analytic Geometry" published in the August-September issue of The American Mathematical Monthly. In the article, Dr. Underwood improves the system, originated by himself in 1945, which provides a plane and solid analytic geometry which deals with any number of variables.

DR. E. N. JONES, Tech president, makes plans for the coming year with J. Evetts Haley, director of the Institute of Americanism. The Institute, which has just been started at Tech, has caused much discussion. Its purpose is to further American ideals.

AT THE PLAINSMAN

Lubbock's newest and finest Hotel, 125 rooms, completely Air Conditioned, and home owned by Alumni of Texas Tech. Meet your friends and former college chums in our Dining Room or Coffee Shop, where the very best food is served by courteous personnel.
