SEPT-14 1836

Sir

There was a deed of gift made to David Burns (a Chickasaw) children and witnessed by John Page, and deposited in the superintendents office, while it was kept at this place for registration and safe keeping as it cannot be found in the present Choctaw agency office I presume it was taken away with the superintendents papers when it was moved from here to Van Buren. If you can find the document please forward it to David Burns Fort Washita C.M. if not please inform me at this place

Respectfully
E. S. Mitchell
