Launch: 1882

End: Unknown

Built: Sunderland, UK by Osbourne, Graham & Co.

Dimensions: 241.1' x 37.2' x 22.5'

Tonnage: 1529 tons

Ganges, an iron bark, is being towed by a couple of stalwarts on Puget Sound a century ago. There was an earlier *Ganges* built in the 1840s that was lost. *Ganges II* was owned by James Nourse until 1904, when a Norwegian firm purchased the vessel.
